
**Learn and Serve America
Academic Engagement Student Survey (Grades 6-12)**

Directions: We are conducting a research study on the effect of service-learning on students and their communities. This is a *survey*, not a test. There are no right or wrong answers. It is important that you answer each question honestly. The survey will take about 20 minutes to complete. You do not have to participate in the study, and you can stop participating at any time. You can skip a question if you do not want to answer it. If you decide not to participate, you will not be in any kind of trouble. If you have any questions about the survey, please raise your hand and the person giving the survey will help you. If you have any personal concerns about the survey, you can speak with a school counselor.

By writing your name below, you agree to complete the survey. The survey is voluntary. We will make every effort to keep the information we collect confidential, and your individual answers will not be reported to anyone.
