

CLARKSTON COMMUNITY SCHOOLS  
COMMUNITY NEEDS QUESTIONNAIRE

The goal of the Clarkston Community Schools' Academic Service Learning program is to effect positive change in the lives of those who are served. Academic Service Learning is a method by which young people learn and develop through active participation in meaningful service experiences. In an effort to assure that our students are addressing "true" community needs, we are asking you to complete this brief questionnaire.

Please indicate how problematic you feel the following issues are for our community:

(1= no problem, 2= minor problem, 3= moderate problem, 4= serious problem)
